Adventure is calling! — Receiving Mail

Now that you're docked, you can receive mail ( )! Mail is a great way for the local Vet to send you useful advice regarding your pup's health or to receive information about big sales at the Salon and Store. You'll even find out when your favorite doggy treats are on sale. But the best mail is Quest Mail clues to where hundreds of items are buried throughout the town. Hot on the trail of a hidden treasure? ...Just follow your nose (and the flashing arrow). Go get 'em, Boy!!

To access your mail: simply go to *B Pop-Up Menu ( ) / Mail ( )*

What's he dreaming about? — Sleep Games

SNIFFING GAME

Sniff out hidden bones ( ) by following the colored markers. Blue markers mean a bone is far away, Red means that you found it. You're getting warmer!

CATCHING GAME

Help catch the falling treats ( ). Move your dog under a treat to catch it. Watch out for the bad ones, they will cost you valuable Pet Points.

JUMPING GAME

How high can your dog jump? Help your dog climb upwards by leaping from platform to platform. Look out for the moving platforms, they require good timing.

FLYING GAME

Help the flying food bowl ( ) move through the air by flapping its imaginary wings. Avoid hitting the clouds and your Pet Points will fly high too.

Back on the go! — Undocking your Virtual Friend

When finished with the TV Docking System, it is important to safely remove your Virtual Friend from the Docking Port. To do so, press the TV Docking System Help Button ( ) then press the directional pad to the right. The Options screen will appear on your television. Select the *Remove Pod Safely* option then lift your Vmigo Virtual Friend from the Docking Port.

HANDHELD VIRTUAL FRIEND and TV DOCKING SYSTEM

Open battery door with a screw driver. Insert 3 new AAA batteries following polarity indicated & close battery door. Alkaline batteries are recommended. Batteries should be replaced by an adult.

WARNING TO OWNERS OF PROJECTION TVs: Still pictures or images may cause permanent picture-tube damage or mark the phosphor of the CRT. Avoid repeated or extended use of video games on large screen projection televisions.

Epilepsy Warning
Please read before using this game or allowing your children to use it. Some people are susceptible to epileptic seizures or loss of consciousness when exposed to certain flashing lights or patterns in everyday life. Some people may have a seizure while watching television images or playing certain video games. This may happen even if the person has no medical history of epilepsy or has never had any epileptic seizures. If you or anyone in your family has ever had symptoms related to epilepsy (seizures or loss of consciousness) when exposed to flashing lights, consult your doctor prior to playing. We advise that parents should monitor the use of video games by their children. If you or your child experiences any of the following symptoms: dizziness, blurred vision, eye or muscle twitches, loss of consciousness, disorientation, any involuntary movement or convulsion, while playing a video game, discontinue use IMMEDIATELY and consult your doctor.

ATTENTION
Chez certaines personnes, l'utilisation de ce jeu nécessite des précautions d'emploi particulières qui sont détaillées dans la notice jointe.

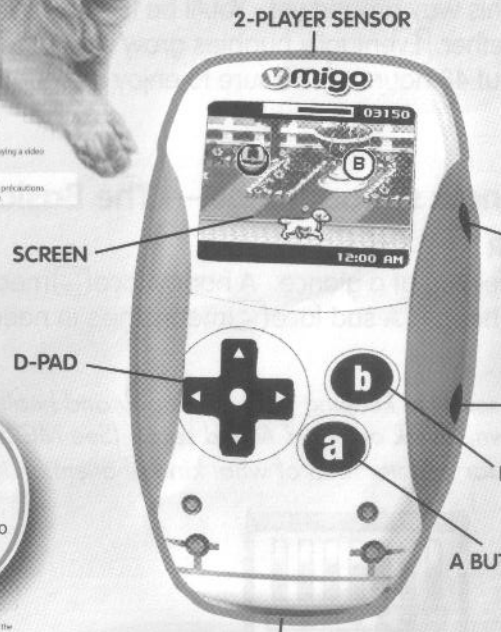
INSTALLATION
1. Install batteries.
2. Connect the TV Game unit to TV or VCR. Plug the yellow input into Video IN yellow port & the white input into Audio IN white port on your TV or VCR.
3. Turn on the TV Game unit. Turn on TV and/or VCR and select the appropriate "Line-in" source. Refer to your TV/VCR manual for more information.
If your TV does not have Audio or Video input but has a SCART socket, you will need to purchase a AV/SCART adapter from most major electronic stores to operate this product.



Sleep mode is automatically initiated after several minutes. Press any button to wake your Vmigo™ Virtual Friend.

If you experience screen problems such as ghosting or fading, batteries may need to be changed.

When operating in environments that are subject to electrostatic discharges, the game may malfunction and scores may be lost. If this occurs, the user should reset the game by using the on/off switch.

If you experience further difficulties, press the **RESET** button (located on the back of the handheld).

Precautions To Take During Use
Do not stand too close to the screen. Sit a good distance away from the screen, as far away as the length of the cable allows.
Preferably play the game on a small screen.
Avoid playing if you are tired or have not had much sleep.
Make sure that the room in which you are playing is well lit.
Rest for at least 10 to 15 minutes per hour while playing a video game.
Please retain the packing or this portion in case of complaint.
*PEGI rating applies to the product software only.

Congratulations on your new Dog — He needs you!!

There's nothing better than owning your very own dog. Of course, with all the fun comes the responsibility of caring for his basic needs...That can be great fun too! Just like a real dog, your Vmigo™ Virtual Friend needs love and attention to keep him healthy and happy. Take good care of him and you will enjoy endless hours of fun and adventure together.

Puppy Love — Getting Started

First things first. Once you have removed your Virtual Friend from the package, press the help button (?) to deactivate the TRY ME mode and bring your new pet to life!
Answer a couple of questions that will make him unique and truly yours. Most importantly, you'll need to give him (or her!) a name. Finally, pick your new puppy up from the Kennel and take him home!

This is a special time in your new pet's life...Puppy-hood. He's just a little guy and doesn't know his way around yet. You'll be learning about his exciting new world together. Eventually puppies grow into full-grown adults (in his case, about 48 hours) so be sure to enjoy the puppy days while they last.

Checking out his new surroundings — The Basics

THE HAPPINESS METER

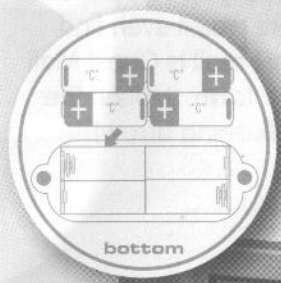
Know how your pet is feeling at a glance. A happy face means your dog is in tip top shape and happy. A sad face means he's in need of some serious attention.

Hint: Want to know the secret to keeping your pet happy and healthy? If your pup's feeling down, check out the 7 Mood Levels (See MOODS and DOG INFO on page 4) for a better idea of what kind of attention he is needing.

PET POINTS

As you venture off with your new best friend you'll have opportunities to earn Pet Points, a nice reward for being such a great owner. Pet points are handy for buying supplies necessary to keep your dog healthy and happy. You can even save up and buy another dog!

Plug into the Vmigo™ TV DOCKING SYSTEM and UNLEASH More!

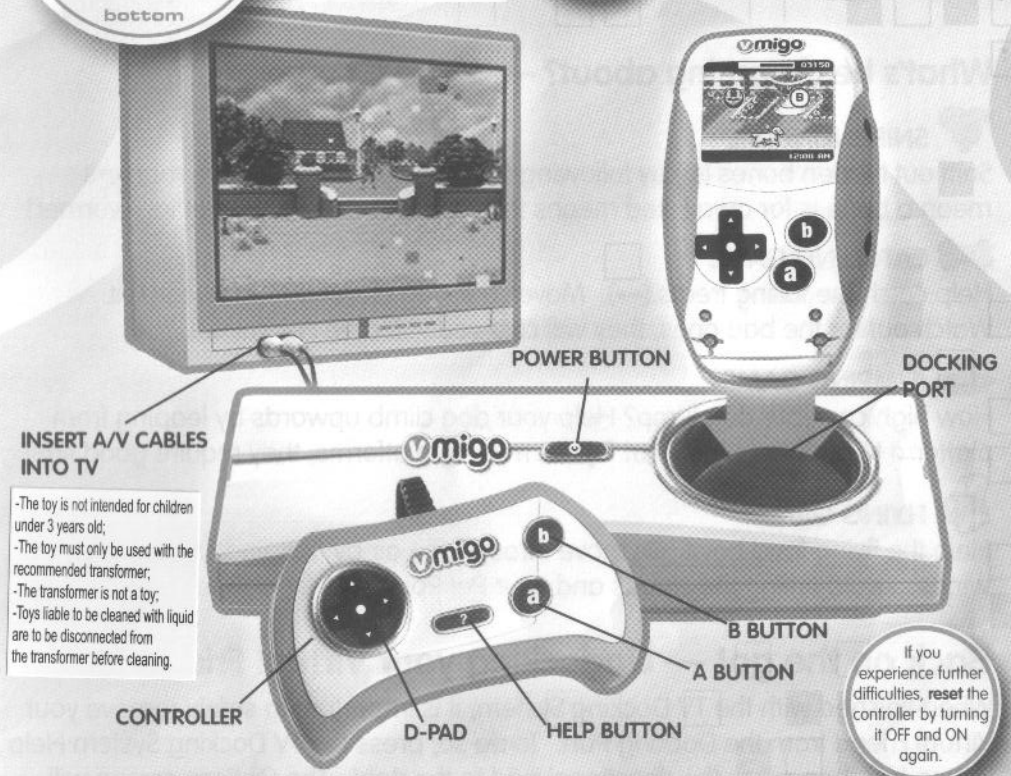


A/C POWER ADAPTOR OPTION:
The Vmigo™ Console can also be powered by a 6V, 200mA AC adaptor (not included). Consult your nearest electronics retailer to find an adaptor with a compatible connector plug. Be sure the polarity on the adaptor plug matches the diagram in Fig. A

Fig. A

Be sure your Vmigo™ handheld is not in sleep mode when inserting into the docking port.

If you experience screen problems such as ghosting or fading, batteries may need to be changed.



If you experience further difficulties, **reset** the controller by turning it OFF and ON again.

Turn your dog loose on the big screen!

Not only does the TV Docking System let you play on the big screen and in full color, it also vastly enhances your interactive Virtual Pet experience. Now your pet can move beyond his own back yard and explore an entire Doggy Town! Walk your dog from location to location, sniff around and dig up hidden treasures, do all the things you did before—but do them better! It's great raising your pet with Vmigo™ Virtual Friend—but the Adventure really begins with Vmigo™ TV Docking System!!

Connect the TV Docking System to your television (refer to your TV manual if necessary for auxiliary input instructions) and insert your Virtual Friend into the Docking Port. Within moments your dog will appear on your television screen.

Interacting with Other Vmigo™ Virtual Friends

Does your friend have a Vmigo™ Virtual Friend? If so, link together and share the fun! To connect with another Vmigo™ Virtual Friend, both users must go to B Menu ( ) / Settings ( ) / Link ( ) then follow the onscreen instructions.

TRADING ITEMS
Send a friend an item you've collected or receive one in exchange.

ROCK, PAPER, SCISSORS
Challenge your friend to a few rounds of this head-to-head classic.

CATCHING STARS
Drop and catch stars. The player to catch the most wins! Can you catch all 5?

DISC DUEL
Have fun tossing a disc back and forth without having to visit the park. Choose a high, middle or low throw and hope your opponent misses.

MENTAL MEMORY
So you think you have a good memory? Test your skills as you replay sequences. The first player to enter a sequence incorrectly loses.

The transformers used with the toy are to be regularly examined for damage to the cord, plug, enclosure and other parts, and that, in the event of such damage, the toys must not be used with this transformer until the damage has been repaired.

No need to Beg for Help!

THE HELP BUTTON
Pressing the Help Button ( ) at any time gives you guidance and instructions regarding the screen that you are currently viewing. To view large sections of text, simply scroll up and down using the directional pad ( ).

OPTIONS
An Options Menu can be accessed while viewing the help text. Simply press the directional pad ( ) to the right to view the following:

SOUND EFFECTS — Toggle the sound effects On/Off
THOUGHT BUBBLE — Toggle the dog's thought bubble On/Off
BARK MODE — Toggle bark mode On/Off
BACKLIGHT — Toggle backlight On/Off
SYSTEM SETTING — Adjust time, date and factory setting.

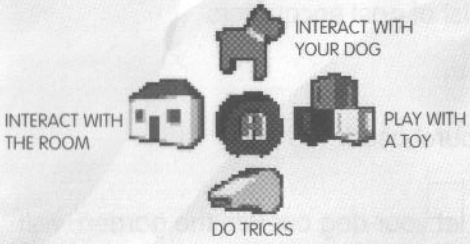
REPLACING THE BATTERIES
When battery life is low you will be given a pop-up warning to replace them. Your dog will be safe and his status will be saved when you change the batteries. You may need to reset the current date and time however. This can be done by selecting SYSTEM SETTINGS within the Options Menu.

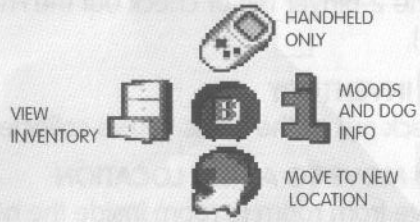
TIP: Battery life can be prolonged by toggling the Backlight setting to Off.

NAVIGATION
Use the A and B Pop-Up Menus (also called I-HUD's) to interact with your new pup and move him from location to location.

Press A to activate the **A POP-UP MENU**. Use the directional pad ( ) to select one of the 4 Interaction options.

Press B to activate the **B POP-UP MENU**. Use the directional pad ( ) to select one of the 4 Interaction options.





THE SECRET TO KEEPING YOUR PET HAPPY AND HEALTHY
Select *B Menu ( ) / Moods ( )* to see all the details of how your pet is feeling! If the Status Bar shows that your pup is not so happy, review these 7 mood levels and get a better idea of what kind of attention your pet is needing!

A Pop-Up Menu Options

INTERACT WITH THE ROOM
If you're in the kitchen, give your hungry hound some food ( ) or water ( ). In the living room direct him to his doggy bed to take a nap ( ). In the garden you can even have him do his private business ( ) Good boy! Options for this function will change depending on which location you are currently visiting.

INTERACT WITH YOUR DOG
Pet your dog ( ), toss your dog a White Bite™ doggy treat ( ), whistle for your dog to come ( ) or groom your dog with a brush once you've purchased it from the store ( ).

PLAY WITH A TOY
Select a toy from your inventory. All sorts of cool toys are available to buy at the Store.

DO TRICKS
Practice tricks with your dog—He might know a few. Want to learn something new? Pay a visit to the Trainer.

MOODS and DOG INFO

Check out your pet's 7 Moods: Hunger (), Thirst (), Boredom ( ), Tiredness ( ), Cleanliness ( ), Toilet ( ) and Nervousness (!). If any of the levels are getting low, you'll want to address it as soon as possible to keep you dog healthy and happy.

POD ACTIVITIES

Take your dog for a walk ( ), make note of special dates ( ), link with another Vmigo Virtual Friend ( ) for some 2-player fun or check out the Friend List of past encounters ( ).

INVENTORY

Check out all the items you've collected or purchased.

MOVE TO A NEW LOCATION

Move from room to room inside the house, let your dog out into the garden, visit the local vet, go to the store and so much more. Get out and explore your dog's new world!

A Whole World to Explore!

Once you and your new dog have gotten acquainted, you'll find there is so much to do!

HOME

There's no place like home. A kitchen ( ) for eating, a living room ( ) for sleeping, even a garden ( ) to visit when he's got to go!

THE VET

The vet is where you should go for any health related issues. Not only will the vet be able to heal your dog if he becomes ill, he also gives great advice.

THE TRAINING SCHOOL

Keep your dog on his paws! Learning new tricks is fun and will make your dog happier.

THE SALON

A pampered pooch is a happy pooch! The stylist will clean your dog for a small fee and also offers a wide variety of doggy clothing. Why not dress up for a quick photo?

THE KENNEL

You may find that having just one dog is simply not enough.
Why not buy another? Save up your Pet Points, visit the Kennel and pick up another pup. The Kennel will watch over your first dog for you while you get to know your new one.

THE STORE

What's the point of earning all those Pet Points if you can't spend them?
The Store has a wide selection of yummy treats and exciting toys for your dog to enjoy. Shop 'til you drop!

Fun and Games!

Time to work in some serious play (and rack up the Pet Points!)
There's lots of things for an energetic pup to do.

RIVER BOUNCE

Dogs love to swim and this game will certainly keep your furry friend cool.
Try to bounce every ball across the river by moving your dog underneath each one before it lands.

DISC CATCH

The Beach is the perfect place to throw discs with your dog. Jump to try and catch every disc that flies across the screen and make sure you keep your eyes peeled for the fast ones.

TRICK COMPETITION

Once you've learned a bunch of new tricks, you might as well show them off!
Enter the Trick Competition and perform a list of tricks within the time limit.
If your pup does a good job, you advance to the next level (and maybe unlock a new trick!)

Taking a Walk (Walk Mode)

Real dogs love going for daily walks...and your Vmigo Virtual Friend likes going for real walks too! Simply go to B Menu ( ) / Settings ( ) / Walk ( ) and start walking. Your dog will be aware of every step you take.
Not only is this healthy exercise for you and your pet, it's also a great way to earn Pet Points. The more steps you take, the more points you'll receive!

NOTE: Walk Mode works best with the Vmigo™ Virtual Friend when used with the belt-clip (included).
